Make checks out to SF Central Church

Leoni Meadows

6100 Leoni Road, Grizzly Flats, CA 95636

We are located in the Sierra Nevada mountains a little more than a three hour drive east from San Francisco, California. At over 3,600 feet elevation, our 1,000 acres includes two large meadows surrounded by pine forest. We revel in all four seasons: snow in winter, wildflowers in spring, heat in summer, and frost in autumn. Surrounded by the El Dorado National Forest, no one is better placed to help people connect with nature, and the God of nature, than we are.

Hotel Style Rooms:

The Meadow View Inn's hotel-style rooms open onto an interior hall and have views of the meadow or forest. They are complete with queen beds, private baths, all linens, and individual heat/air conditioning. First-floor rooms are wheelchair accessible. A paved sidewalk connects the Meadow View Inn to the Leoni Lodge with the dining room and most of the meeting rooms.

Cabins:

Our cabins are tucked in the forest and can be accessed by car or foot on paved roads. They each sleep 10 people on 5 bunk beds and have a porch, private bath, small kitchenette, and a table and chairs. Guests will need to bring their own eating and cooking utensils and supplies if you wish to prepare your own food, as well as all bedding, pillows, towels, and toiletries.

If you wish to economize on this trip, staying in the cabins with others and bringing your own food is one way to do it.

There's also opportunity for camping if you wish to try snow camping. Call Mark for more information.

Questions? Please reach out to Mark and he will help you out:
